BlueChoice HMO Referral Gold 80 Summary of Benefits

Note: Allowed Benefit is the fee that providers in the network have agreed to accept for a particular service. The provider cannot charge the member more than this amount for any covered service. Example: Dr. Carson charges \$100 to see a sick patient. To be part of CareFirst's network, he has agreed to accept \$50 for the visit. The member will pay their copay/coinsurance and deductible (if applicable) and CareFirst will pay the remaining amount up to \$50.

* No copayment or coinsurance.

- 1 When multiple services are rendered on the same day by more than one provider, Member payments are required for each provider.
- 2 Aggregate - For family coverage only: The family deductible must be met before any member starts receiving benefits. The deductible may be met by one member or any combination of members.
- 3 Separate - For Family coverage only: When one family member meets the individual out-of-pocket maximum, their services will be covered at 100% up to the Allowed Benefit. Each family member cannot contribute more than the individual out-of-pocket maximum amount. The family out-of-pocket maximum must be met before the services for all remaining family members will be covered at 100% up to the Allowed Benefit. The out-of-pocket maximum includes deductibles, copays and coinsurance.
- 4 All drug costs are subject to the in-network out-of-pocket maximum.
- 5 If a service is rendered on a hospital campus you could receive two bills, one from the physician and one from the facility.
- 6 "Telemedicine services" refers to the use of a combination of interactive audio, video, or other electronic media used for the purpose of diagnosis, consultation, or treatment. Use of audio-only telephone, electronic mail message (e-mail), or facsimile transmission (FAX) is not considered a telemedicine service.
- 7 Members accessing laboratory services inside the CareFirst Service area (Maryland, D.C., Northern Virginia) must use LabCorp as their Lab Test facility and a non-hospital/freestanding facility for X-rays and specialty Imaging.
- 8 Members who are unable to conceive have coverage for the evaluation of infertility services performed to confirm an infertility diagnosis, and some treatment options for infertility. Preauthorization required.
- 9 Benefits for Specialty Drugs are only available when Specialty Drugs are purchased from and dispensed by a specialty Pharmacy in the Exclusive Specialty Pharmacy Network.
- 10 If a Generic drug becomes available for a Preferred Brand drug, the Preferred Brand drug moves to the Non-preferred Brand drug tier.
- 11 If a provider prescribes a Non-preferred Brand drug, and the Member selects the Non-preferred Brand drug when a Generic drug is available, the Member shall pay the applicable Copayment or Coinsurance as stated in the Schedule of Benefits plus the difference between the price of the Non-preferred Brand drug and the Generic drug up to the cost of the drug. This amount will not contribute to the Out-of-Pocket Maximum.

Note: Upon enrollment in CareFirst BlueChoice, you will need to select a Primary Care Provider (PCP). To select a PCP, go to www.carefirst.com for the most current listing of PCPs from our online provider directory. You may also call the Member Services toll free phone number on the front of your CareFirst BlueChoice ID card for assistance in selecting a PCP or obtaining a printed copy of the CareFirst BlueChoice provider directory.

Not all services and procedures are covered by your benefits contract. This summary is for comparison purposes only and does not create rights not given through the benefit plan.
