EVIDENCE OF COVERAGE
FOR A QUALIFIED HEALTH PLAN

This Qualified Health Plan is being offered through the SHOP Exchange.

This Evidence of Coverage, including any attachments, notices, amendments and riders, is a part of the Group Contract issued to the Group through which Members are enrolled for covered health benefits. The Group's payment to the SHOP Exchange and CareFirst's issuance of the Group Contract make the Group Contract's terms and provisions binding on CareFirst and the Group.

The Group reserves the right to change, modify, or terminate the plan, in whole or in part.

Members should not rely on any oral description of the plan because the written terms in the Group's plan documents always govern.

CareFirst recommends that the Member familiarizes himself or herself with the CareFirst complaint and appeal procedure, and make use of it before taking any other action.

NOTE: It is a crime to provide false or misleading information to an insurer for the purpose of defrauding the insurer or any other person. Penalties include imprisonment and/or fines. A. For a Preferred Provider, the Allowed Benefit for a Covered Service is the amount agreed upon between CareFirst and the Preferred Provider which, in some cases, will be a rate set by a regulatory agency. The benefit is payable to the provider and is accepted as payment in full, except for any applicable Deductible, Copayment, or Coinsurance amounts, for which the Member is responsible.

B. For a Non-Preferred Provider that is a health care practitioner, the Allowed Benefit for a Covered Service is based upon the lesser of the provider's actual charge or the established fee schedule. The benefit is payable to the Member or to the provider at the discretion of CareFirst. The Member is responsible for any applicable Deductible, Copayment, or Coinsurance amounts stated in the Schedule of Benefits and the difference between the Allowed Benefit and the practitioner's actual charge. The provider may bill the Member directly for such amounts. It is the Member's responsibility to apply any CareFirst payments to the claim from the Non-Preferred Provider charge.

C. For a Non-Preferred Provider that is a health care facility, the Allowed Benefit for a Covered Service is based upon either the provider's actual charge or the established fee schedule. It is the Member's responsibility to apply any CareFirst payments to the claim from the Non-Preferred Facility.

   In some cases, and on an individual basis, CareFirst is able to negotiate a lower rate with an eligible provider. (5) Any of the qualifying events listed in Section 2.5C of the Evidence of Coverage, not otherwise specified in this provision.

(6) Any reduction or termination that a Subscriber makes must be consistent with the life event. The life event must affect eligibility for coverage under the plan or under a plan of the spouse or Dependent, which covers the spouse or Dependent as a Subscriber. The change in coverage must correspond with the life event.

2. Under certain circumstances, a Subscriber may make mid-year reduction or termination to coverage for reasons, such as coverage cost or Medicare eligibility as described below.

a) Coverage Events:

b) Cost Events: If the cost of coverage increases or decreases significantly during a Benefit Period (including a Subscriber's change from part-time to full-time work or vice versa) and the Group does not offer a similar, but less costly, coverage option.

c) Entitlement to Medicaid, the federal child health insurance plan (CHIP) or a State-funded low-income basic health plan (known as a BHP). If a Subscriber or Dependent becomes eligible for Medicaid, the federal child health insurance plan (CHIP) or a State-funded low-income basic health plan (known as a BHP) mid-year, a Subscriber or Dependent *may* (but is not required) terminate coverage.

C. The effective date of the termination will be as follows:

1. On the date stated by the Subscriber, if the Subscriber has given reasonable notice. For purposes of this provision, reasonable notice is defined as fourteen (14) days from the requested termination date.

2. Fourteen (14) days after the date the Subscriber requested termination if the Subscriber does not provide reasonable notice.

3. If the Subscriber and Dependents give notice of termination of enrollment in order to enroll in another Qualified Health Plan, the day before the effective date of coverage under the new Qualified Health Plan.

3. The date of termination is stated in the Eligibility Schedule.

4. The Subscriber is responsible for notifying the SHOP Exchange of any changes in the status of a Dependent as an eligible individual; or his or her eligibility for coverage, except when the Dependent Child reaches the Limiting Age. These changes include a divorce and the marriage of a Dependent Child. If the Subscriber knows of a Dependent's ineligibility for coverage and intentionally fails to notify the SHOP Exchange of these types of changes, CareFirst has the right to seek Rescission of the coverage of the Dependent under Section 3.3 as of the initial date of the Dependent's ineligibility and recover the full value of the services and benefits provided during the period of Dependent's ineligibility. CareFirst can recover these amounts from the Subscriber and/or from the Dependent, less the premium paid during the period of ineligibility, at the option of CareFirst.

B. Termination of Group Contract due to the Decertification of the Evidence of Coverage as a Qualified Health Plan. If this Evidence of Coverage is Decertified as a Qualified Health Plan, the date of termination shall be the date established by the SHOP Exchange after written notice has been provided to the Subscriber and the Subscriber has been afforded an opportunity to enroll in other coverage.

C. Accommodation for Persons with Disabilities. Notwithstanding the termination provisions above, CareFirst, when required by the SHOP Exchange, shall make reasonable accommodation of these provisions for all individuals with disabilities (as defined by the Americans with Disabilities Act) before terminating the coverage of such individuals.

D. CareFirst demonstrates, to the reasonable satisfaction of the SHOP Exchange, if required by the SHOP Exchange, that the rescission is appropriate.

CareFirst will provide thirty (30) days advance written notice of any Rescission. CareFirst shall have the burden of persuasion that its Rescission complies with applicable local law. The Rescission shall either (i) void the enrollment of the Member as of the Member's Effective Date (for fraudulent acts, practices, or omissions that occur at the time of enrollment); or (ii) in all other cases, void the enrollment of the Member as of the first date the Member performed an act, practice or omission which constituted fraud or made an intentional misrepresentation of material fact. The Subscriber will be responsible for payment of any voided benefits paid by CareFirst, net of applicable premiums paid.

3.4 Death of Subscriber. In the event of the Subscriber's death, coverage of any Dependents may continue under the Subscriber's enrollment as stated in this Evidence of Coverage. The date of termination of the Subscriber's enrollment and, if applicable, the enrollment of any Dependents will be as stated in the Eligibility Schedule.

3.5 Medical Child Support Orders or Qualified Medical Support Orders. Unless coverage is Rescinded or terminated for non-payment of the premium, a child subject to an MCSO/QMSO may not be terminated unless written evidence is provided to CareFirst or the SHOP Exchange that:

A. The MCSO/QMSO is no longer in effect;

B. The child has been or will be enrolled under other comparable health insurance coverage that will take effect not later than the date of the termination of coverage;

C. The Group has eliminated family member coverage for all Members; or

3.6 Termination of Evidence of Coverage upon Termination of Group Contract. This Evidence of Coverage, and the enrollment of the Member(s), will terminate automatically upon the date of the termination of the Group Contract by the Group, the SHOP Exchange or CareFirst for any reason.

3.7 Effect of Termination. No benefits will be provided for any services received on or after the date on which the Member's coverage terminates. This includes services received for an injury or illness that occurred before the date of termination.

3.8 No Reinstatement. Upon termination, enrollment will not reinstate automatically under any circumstances.

SECTION 4
CONTINUATION OF COVERAGE

4.1 Continuation of Eligibility upon Loss of Group Coverage.

A. Federal Continuation of Coverage under COBRA. If the Group health benefit plan provided under this Evidence of Coverage is subject to the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended from time to time, and a Member's coverage terminates due to a "Qualifying Event" as described under COBRA, continuation of participation in this Group health benefit plan may be possible. The employer offering this Group health benefit plan is the plan administrator. It is the plan administrator's responsibility to notify a Member concerning terms, conditions and rights under COBRA. If a Member has any questions regarding COBRA, the Member should contact the plan administrator.

B. Uniformed Services Employment and Reemployment Rights Act (USERRA). USERRA protects the job rights of individuals who voluntarily or involuntarily leave employment positions to undertake military service or certain types of service in the Natural Disaster Medical System. USERRA also prohibits employers, and insurers, from discriminating against past and present members of the uniformed services, and applicants to the uniformed services.

If an eligible employee leaves his or her job to perform military service, the eligible employee has the right to elect to continue his or her Group coverage including any Dependents for up to twenty-four (24) months while in the military. Even if continuation of coverage was not elected during the eligible employee's military service, the eligible employee has the right to be reinstated in their Group coverage when re-employed, without any Waiting Periods or pre-existing condition exclusion periods except for service connected illnesses or injuries. If an eligible employee has any questions regarding USERRA, the eligible employee should contact the plan administrator. The plan administrator determines eligible employees and provides the information to CareFirst.

4.2. District of Columbia Continuation of Health Coverage (DCCHC). This provision applies to Subscribers enrolled in an employer-maintained health benefit plan for less than twenty (20) employees.

A. The Subscriber and any Dependents have the right to continue coverage under the Group Contract for a period of three (3) months, or for the period of time during which the Subscriber is eligible for premium assistance under the American Recovery and Reinvestment Act of 2009, as amended, unless:

1. The Subscriber's employment was terminated for gross misconduct;

2. The Member is eligible for any extension of coverage required under COBRA; or

3. The Member fails to complete timely election and payment as provided below.

B. Duties of the Group.

1. The Group shall furnish Subscribers whose coverage terminates with written notification of the Subscriber's eligibility to continue coverage under DCCHC. Such notice shall be furnished no later than fifteen (15) days of the date coverage under this Evidence of Coverage would otherwise terminate. Failure by the Group to furnish the required notification shall not extend the right to continue coverage beyond the three-month period, or for the period of time during which the Subscriber is eligible for premium assistance under the American Recovery and Reinvestment Act of 2009, as amended.

2. The Group shall forward to CareFirst the names of Members who apply for DCCHC Continuation of Coverage within fifteen (15) days from the date of application.

C. Duties of the Subscriber.

1. Individuals who elect coverage under this Section shall bear the cost of the continued coverage and such cost shall not exceed one hundred two percent (102%) of the Group's rate.

2. An individual who elects to continue coverage shall tender to the Group the amount described above within forty-five (45) days from the date coverage under this Evidence of Coverage would otherwise terminate.

D. Termination of Continued Coverage. Coverage under this provision shall continue without interruption for the continued eligibility period and shall not terminate unless:

1. The Member establishes residence outside CareFirst Service Area;

2. The Member fails to make timely payment of the required cost of coverage;

3. The Member violates a material condition of this Evidence of Coverage;

4. The Member becomes covered under another group health benefits plan that does not contain any exclusion or limitation with respect to any preexisting condition that affects the Member;

5. The Member becomes entitled to Medicare; or

6. The Group no longer offers group coverage to any employee.

E. Reinstatement
If any renewal premium be not paid within the time granted the group for payment, a subsequent acceptance of premium by CareFirst, without requiring in connection therewith an application for reinstatement, shall reinstate this Policy. Losses during the period of reinstatement shall cover only loss resulting from the benefits listed in the policy as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than 10 days after such date If CareFirst, requires a new application for reinstatement and subsequently issues a conditional receipt for the premium tendered, this Policy may be reinstated upon approval by DISB of such new application, and lacking such approval, upon the forty-fifth (45th) day following the date of such conditional receipt. If any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than 60 days prior to the date of reinstatement.

4.3 Right to Continue Coverage Under Only One Provision. If a Member is eligible to continue coverage under the Group Contract under more than one continuation provision as described above, the Member will receive only one such continuation coverage. The Group will select the continuation option the member will receive.

SECTION 5
COORDINATION OF BENEFITS (COB); SUBROGATION

5.1 Coordination of Benefits (COB).

A. Applicability.

1. This Coordination of Benefits (COB) provision applies to this CareFirst Plan when a Member has health care coverage under more than one Plan.

2. If this COB provision applies, the Order of Benefit Determination Rules should be reviewed first. Those rules determine whether the benefits of this CareFirst Plan are determined before or after those of another Plan. The benefits of this CareFirst Plan:

a) Shall not be coordinated when, under the order of determination rules, this CareFirst Plan determines its benefits before another Plan;

b) May be coordinated when, under the order of determination rules, another Plan determines its benefits first. The coordination is explained in Section 5.1D.2.

B. Definitions. For the purpose of this COB section, the following terms are defined. The definitions of other capitalized terms are found in the definitions section of this Evidence of Coverage.

Allowable Expenses means any health care expense, including deductibles, coinsurance or copayments that are covered in whole or in part by any of the Plans covering the Member. This means any expense or portion of an expense not covered by any of the Plans is not an Allowable Expense. If this CareFirst Plan is advised by a Member that all Plans covering the Member are high-deductible health plans and the Member intends to contribute to a health savings account, the primary Plan's deductible is not an Allowable Expense, except for any health care expense incurred that may not be subject to the deductible, as stated in Section 223(c)(2)(C) of the Internal Revenue Code of 1986.

CareFirst Plan means this Evidence of Coverage.

Dental Plan means any dental insurance policy, including those of nonprofit health service plans, and those of commercial group, blanket, and individual policies, any subscriber contracts issued by Health Maintenance Organizations (HMOs), and any other established programs under which the insured may make a claim. The term Dental Plan includes coverage under a governmental plan, or coverage required to be provided by law. This does not include a State plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act, as amended from time to time.)

Intensive Care Policy means a health insurance policy that provides benefits only when treatment is received in a specifically designated health care facility of a hospital that provides the highest level of care and which is restricted to those patients who are physically, critically ill or injured.

Plan means any health insurance policy issued on a group basis, including those of a nonprofit health service plan, those of a commercial, group, and blanket policy, any subscriber contracts issued by health maintenance organizations, and any other established programs under which the insured may make a claim. The term Plan includes coverage required or provided by law and coverage under a governmental plan, except a governmental plan which, by law, provides benefits in excess of those of any private insurance plan or other non-governmental plan. This does not include a state plan under

Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act, as amended from time to time).

The term Plan does not include:

1. An individually underwritten and issued, guaranteed renewable, specified disease policy;

2. An intensive care policy, which does not provide benefits on an expense incurred basis;

3. Coverage regulated by a motor vehicle reparation law;

4. The first one-hundred dollars ($100) per day of a hospital indemnity contract; or

5. An elementary and/or secondary school insurance program sponsored by a school or school system.

Primary Plan or Secondary Plan means the order of benefit determination rules stating whether this CareFirst Plan is a Primary Plan or Secondary Plan as to another Plan covering the Member.

1. When this CareFirst Plan is a Primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan's benefits.

2. When this CareFirst Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be coordinated because of the other Plan's benefits.

3. When there are more than two Plans covering the Member, this CareFirst Plan may be a Primary Plan as to one of the other Plans, and may be a Secondary Plan as to a different Plan or Plans.

Specified Disease Policy means a health insurance policy that provides (1) benefits only for a disease specified in the policy or for the treatment unique to a specific disease; or (2) additional benefits for a disease specified in the policy or for treatment unique to a specified disease.

C. Order of Benefit Determination Rules.

1. General. When there is a basis for a claim under this CareFirst Plan and another Plan, this CareFirst Plan is a Secondary Plan which has its benefits determined after those of the other Plan, unless;

   a) The other Plan has rules coordinating benefits with those of this CareFirst Plan; and

   b) Both those rules and this CareFirst Plan's rules require this CareFirst Plan's benefits be determined before those of the other Plan.

2. Rules. This CareFirst Plan determines its order of benefits using the first of the following rules which applies:

   a) Non-dependent/dependent. The benefits of the Plan which covers the person as an employee, member or subscriber (that is, other than as a dependent) are determined before those of the Plan which covers the person as a dependent; except if the person is also a Medicare

beneficiary, and the result of the rule established by Title XVIII of the Social Security Act and implementing regulations, Medicare is:

(1) Secondary to the Plan covering the person as a dependent, and

(2) Primary to the Plan covering the person as other than a dependent (e.g., retired employee),

Then the benefits of the Plan covering the person as a dependent are determined before those of the Plan covering the person as other than a dependent.

b) Dependent child covered by more than one Plan. Unless there is a court decree stating otherwise, when this CareFirst Plan and another Plan cover the same child as a dependent, the order of benefits shall be determined as follows:

(1) For a dependent child whose parents are married or are living together:

(a) The benefits of the Plan of the parent whose birthday falls earlier in a year are determined before those of the Plan of the parent whose birthday falls later in the year; but

(b) If both parents have the same birthday, the benefits of the Plan that covered one parent longer are determined before those of the Plan that covered the other parent for a shorter period of time.

(2) For a dependent child whose parents are separated, divorced, or are not living together:

(a) If the specific terms of a court decree state one of the parents is responsible for the health care expenses or health care coverage of the child, and the entity obligated to pay or provide the benefits of the Plan of that parent has actual knowledge of those terms, the benefits of that Plan are determined first. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but the parent's Spouse does, that parent's Spouse's plan is the primary plan. This paragraph does not apply with respect to any claim for services rendered before the entity has actual knowledge of the terms of the court decree.

The rule described in (1) above also shall apply if: i) a court decree states both parents are responsible for the dependent child's health care expenses or health care coverage, or ii) a court decree states the parents have joint custody without specifying one parent has responsibility for the health care expenses or coverage of the dependent child.

(b) If there is no court decree setting out the responsibility for the child's health care expenses or health care coverage, the order of benefits for the dependent child are as follows:

i) The Plan of the parent with custody of the child;

ii) The Plan of the Spouse of the parent with the custody of the child;

iii) The Plan of the parent not having custody of the child; and then

iv) The Plan of the Spouse of the parent who does not have custody of the child.

(3) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under the rules stated in (1) and (2) of this paragraph as if those individuals were parents of the child.

c) Active/inactive employee. The benefit of a Plan which covers a person as an employee who is neither laid off nor retired is determined before those of a Plan that covers that person as a laid off or retired employee. The same would hold true if a person is a dependent of a person covered as an employee who is neither laid off nor retired or a person covered as a laid off or retired employee. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

d) Continuation coverage. If a person whose coverage is provided under the right of continuation pursuant to federal, state or local law also is covered under another Plan, the following shall be the order of benefits determination:

(1) First, the benefits of a Plan covering the person as an employee, retiree, member or subscriber (or as that person's dependent);

(2) Second, the benefits under the continuation coverage.

If the other Plan does not have the rule described above, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

e) Longer/shorter length of coverage. If none of the above rules determines the order of benefits, the benefits of the Plan that covered the person longer are determined before those of the Plan that covered that person for the shorter term.

f) Medical and Dental Plan. When a Member has coverage under two Plans, and one of the Plans is a medical plan and the other is a Dental Plan, and a determination cannot be made in accordance with the order of benefit determination rules in this CareFirst Plan, the medical plan should be considered as the Primary Plan.

D. Effect on the Benefits of this CareFirst Plan.

1. When this Section Applies. This section applies when, in accordance with the prior section, order of benefits determination rules, this CareFirst Plan is a Secondary Plan as to one or more other Plans. In such an event, the benefits of this CareFirst Plan may be coordinated under this section. Any additional other Plan or Plans are referred to as "the other Plans" immediately below.

2. Coordination in this CareFirst Plan's Benefits. When this CareFirst Plan is the Secondary Plan, the benefits under this CareFirst Plan *may* be coordinated so that the total benefits would be payable or provided by all the other Plans do not exceed one hundred percent (100%) of the total Allowable Expenses. If the benefits of this CareFirst Plan are coordinated, each benefit is coordinated in proportion. It is then charged against any applicable benefit limit of this CareFirst Plan.

E. Right to Receive and Release Needed Information. Certain facts are needed to apply these COB rules. CareFirst has the right to decide which facts it needs. It may get the needed facts from or give them to any other organization or person for purposes of treatment, payment, and health care operations. CareFirst need not tell, or get the consent of, any person to do this. Each person claiming benefits under this CareFirst Plan must give this CareFirst Plan any facts it needs to pay the claim.

F. Facility of Payment. A payment made under another Plan may include an amount that should have been paid under this CareFirst Plan. If it does, this CareFirst Plan may pay the amount to the organization that made that payment. The amount will then be treated as though it were a benefit paid under this CareFirst Plan. This CareFirst Plan will not have to pay the amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

G. Right of Recovery. If the amount of the payments made by this CareFirst is more than it should have paid under this COB provision, it may recover the excess from one or more of:

1. The persons it has paid or for whom it has paid;

2. Insurance companies; or

3. Other organizations.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

5.2 Medicare Eligibility. This provision applies to Members who are entitled to Part A and/or Part B of Medicare. A Member will not be terminated as a result of reaching the age of sixty-five (65) or becoming eligible for Medicare. Benefits not covered by Medicare will be provided as described in the Evidence of Coverage. Benefits covered by Medicare are subject to the provisions in this section.

A. Coverage Secondary to Medicare. Except where prohibited by law, the benefits under this CareFirst Plan are secondary to Medicare.

B. Medicare as Primary.

1. When benefits for Covered Services, Covered Dental Services or Covered Vision Services are paid by Medicare as primary, this CareFirst Plan will not duplicate those payments. CareFirst will coordinate and pay benefits based on Medicare's payment (or the payment Medicare would have paid). When CareFirst coordinates the benefits with Medicare, CareFirst's payments will be based on the Medicare allowance (if the provider is a participating provider in Medicare) or the Medicare maximum limiting charge (if the provider is not a participating provider in Medicare), less any claim reduction or denial due to a Member's failure to comply with Medicare's administrative requirements. CareFirst's right to coordinate is not contingent on any payment actually being made on the claim by Medicare. Members enrolled in Medicare agree to, and shall, complete and

submit to Medicare, CareFirst, and/or any health care providers all claims, consents, releases, assignments and other documents required to obtain or assure such claim payment by Medicare.

2. If a Medicare-eligible Member has not enrolled in Medicare Part A and/or Part B, CareFirst will not "carve-out," coordinate, or reject a claim based on the amount Medicare would have paid had the Member actually applied for, claimed, or received Medicare benefits.

5.3 Employer or Governmental Benefits. Coverage does not include the cost of services or payment for services for any illness, injury, or condition for which, or as a result of which, a Benefit (as defined below) is provided or is required to be provided either:

A. Under any federal, state, county or municipal workers' compensation or employer's liability law or other similar program; or

B. From any federal, state, county or municipal or other government agency, including, in the case of service-connected disabilities, the United States Department of Veterans Affairs, to the extent that benefits are payable by the federal, state, county or municipal or other government agency, but excluding Medicare benefits and Medicaid benefits.

Benefit as used in this provision includes a payment or any other benefit, including amounts received in settlement of a claim for Benefits.

5.4 Subrogation

A. CareFirst has subrogation and reimbursement rights. Subrogation requires the Member to turn over to CareFirst any rights the Member may have against a third party. A third party is any person, corporation, insurer or other entity that may be liable to a Member for an injury or illness. Subrogation applies to any illness or injury which is:

1. Caused by an act or omission of a third party; or

2. Covered under a member's uninsured or underinsured policy issued to or otherwise covering the Member; or

3. Covered by No Fault Insurance. No Fault Insurance means motor vehicle casualty insurance. This term also refers to motor vehicle insurance issued under any other state or federal legislation of similar purpose.

B. If the Member receives or is entitled to receive payment from any person, organization or entity in connection with an injury, illness or need for care for which benefits were provided or will be provided under this Evidence of Coverage, the payment will be treated as having been paid to the Member as a recovery for the medical, hospital and other expenses for which CareFirst provided or will provide benefits. CareFirst may recover the amounts paid or will pay in benefits up to the amount received from or on behalf of the third party or applicable first party coverage.

All recoveries the Member or the Member's representatives obtain (whether by lawsuit, settlement, insurance or benefit program claims, or otherwise), no matter how described or designated (for example as "pain and suffering"), must be used to reimburse CareFirst in full for benefits paid. CareFirst's share of any recovery extends only to the amount of benefits paid or payable to the Member, the Member's representatives, and/or health care providers on the Member's behalf. For purposes of this provision, "Member's representatives" include, if applicable, heirs, administrators, legal representatives, parents (if the Member is a minor), successors, or assignees. This is CareFirst's right of recovery.

C. CareFirst's right of recovery is not subject to reduction for attorney's fees and costs under the "common fund" or any other doctrine. If required by law, CareFirst will reduce the amount owed by the Member to CareFirst in accordance with applicable law.

D. CareFirst will have a lien on all funds the Member recovers up to the total amount of benefits provided. We are entitled under our right of recovery to be reimbursed for our benefit payments even if you are not "made whole" for all of your damages in the recoveries that you receive. CareFirst may give notice of that lien to any party who may have contributed to the Member's loss, or who may be liable for payment as a result of that loss.

E. CareFirst has the option to be subrogated to the Member's rights to the extent of the benefits provided under this Evidence of Coverage. This includes CareFirst right to bring suit or file claims against the third party in the Member's name.

F. Members agree to take action, furnish information and assistance, and execute such instruments that CareFirst may require while enforcing CareFirst rights under this Section. The Member agrees to not take any action which prejudices CareFirst's rights and interests under this provision.

SECTION 6
GENERAL PROVISIONS

6.1 Entire Certificate; Changes. The entire Evidence of Coverage includes: (a) this Evidence of Coverage; (b) Benefit Determinations and Appeals; (c) the Description of Covered Services; (d) Schedule of Benefits; (e) Eligibility Schedule; and (f) any additional duly authorized notices, amendments and riders.

No amendment or modification of any term or provision of this Evidence of Coverage is effective unless authorized in writing by an executive officer of CareFirst. Any duly authorized notice, amendment or rider will be issued by CareFirst to be attached to the Evidence of Coverage. No agent has authority to change this agreement or to waive any of its provisions. Any waiver of an Evidence of Coverage term or provision shall only be given effect for its stated purpose and shall not constitute or imply any subsequent waiver.

Oral statements cannot be relied upon to modify or otherwise affect the benefits, limitations and/or exclusions of this Evidence of Coverage, or increase or void any coverage or reduce any benefits. Such oral statements cannot be used in the prosecution or defense of a claim.

6.2 Claims and Payment of Claims.

A. Claim Forms. CareFirst does not require a written notice of claims. A claim form can be requested by calling the Member and Provider Service telephone number on the identification card during regular business hours. CareFirst shall provide claim forms for filing proof of loss to each claimant or to the Group for delivery to the claimant. If CareFirst does not provide the claim forms within fifteen (15) days after notice of claim is received, the claimant is deemed to have complied with the requirements of the policy as to proof of loss if the claimant submits, within the time fixed in the policy for filing proof of loss, written proof of the occurrence, character, and extent of the loss for which the claim is made.

When a child subject to a Medical Child Support Order or a Qualified Medical Support Order does not reside with the Subscriber, CareFirst will:

1. Send the non-insuring, custodial parent identification cards, claims forms, the applicable certificate of coverage or member contract, and any information needed to obtain benefits;

2. Allow the non-insuring, custodial parent or a provider of a Covered Service to submit a claim without the approval of the Subscriber; and

3. Provide benefits directly to:

   a) The non-insuring, custodial parent;

   b) The provider of the Covered Services, Covered Dental Services, or Covered Vision Services; or

   c) The appropriate child support enforcement agency of any state or the District of Columbia.

B. Proof of Loss. For Covered Services provided by Preferred Providers, Preferred and Participating Dentists, Contracting Vision Providers, and Contracting Pharmacies, Members are not required to submit claims in order to obtain benefits.

For Covered Services provided by Non-Preferred Providers, Non-Participating Dentists, Non-Contracting Vision Providers, and Non-Contracting Pharmacies, Members must

furnish written proof of loss, or have the provider submit proof of loss, to CareFirst within one (1) year after the date of the loss.

Failure to furnish proof within the time required shall not invalidate or reduce any claim if it was not reasonably possible to give proof within the required time, provided proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one (1) year from the time proof is otherwise required.

CareFirst will honor claims submitted for Covered Services, Covered Dental Services, or Covered Vision Services by any agency of the federal, state, or local government that has the statutory authority to submit claims beyond the time limits established under this Evidence of Coverage. These claims must be submitted to CareFirst before the filing deadline established by the applicable statute on claims forms that provide all of the information CareFirst deems necessary to process the claims. CareFirst provides forms for this purpose.

C. Time of Payment of Claims. Benefits payable will be paid immediately after receipt of written proof of loss.

D. Claim Payments Made in Error. If CareFirst makes a claim payment to or on behalf of a Member in error, the Member is required to repay CareFirst the amount paid in error. If the Member has not repaid the full amount owed CareFirst and CareFirst makes a subsequent benefit payment, CareFirst may subtract the amount owed CareFirst from the subsequent payment.

E. Payment of Claims. Payments for Covered Services will be made by CareFirst directly to Contracting Vision Providers, Participating and Preferred Dentists and Preferred Providers. Direct payments will also be made by CareFirst to providers from the United States Department of Defense and the United States Department of Veteran Affairs. If a Member receives Covered Services from Non-Contracting Vision or Non-Preferred or Non-Participating Providers, CareFirst reserves the right to pay either the Member or the provider. If the Member has paid the health care provider for services rendered, benefits will be payable to the Member. The payment will, in either case, be full and complete satisfaction of CareFirst's obligation, unless an appeal or grievance has been filed by, or on behalf of, the Member. Benefits will be paid to the Member, if living, or to the Member's beneficiary. If there is no living beneficiary, benefits are payable to the Member's estate. CareFirst may pay up to $1,000 to any relative of the Member who CareFirst finds is entitled to it. Any payment made in good faith will fully discharge CareFirst to the extent of the payment.

6.3 No Assignment. A Member cannot assign any benefits or payments due under this Evidence of Coverage to any person, corporation or other organization, except as specifically provided by this Evidence of Coverage or required by applicable law.

6.4 Legal Actions. A Member cannot bring any lawsuit against CareFirst to recover under this Evidence of Coverage before the expiration of sixty (60) days after written proof of loss has been furnished, and not after three (3) years from the date written proof of loss is required to be submitted to CareFirst.

6.5 Events Outside of CareFirst's Control. If CareFirst, for any reason beyond the control of CareFirst, is unable to provide the coverage promised, CareFirst is liable for reimbursement of the expenses necessarily incurred by any Member in procuring the services through other providers, to the extent prescribed by law.

6.6 Physical Examinations and Autopsy. CareFirst, at its own expense, has the right and opportunity to examine the Member when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law.

6.7 Identification Card. Any cards issued to Members are for identification only.

A. Possession of an identification card confers no right to benefits.

B. To be entitled to such benefits, the holder of the card must, in fact, be a Member on whose behalf all applicable premiums have actually been paid.

C. Any person receiving benefits to which he or she is not then entitled will be liable for the actual cost of such benefits.

6.8 Member Medical Records. It may be necessary to obtain Member medical records and information from hospitals, Skilled Nursing Facilities, physicians or other practitioners who treat the Member. When a Member becomes covered, the Member (and, if the Member is legally incapable of giving such consent, the representative of such Member) automatically gives CareFirst permission to obtain and use such records and information, including medical records and information requested to assist CareFirst in determining benefits and eligibility of Members.

6.9 Member Privacy. CareFirst shall comply with state, federal and local laws pertaining to the dissemination or distribution of non-public personally identifiable financial, medical or health related data. In that regard, CareFirst will not provide to unauthorized third parties any personally identifiable financial or medical information without the prior written authorization of the Member or parent/guardian of the Member or as otherwise permitted by law. Personal information, including email addresses and phone numbers, may be used and shared with other businesses who work with CareFirst to administer and/or provide benefits under this plan. Personal information, as described below, may also be used to notify enrollees about treatment options, health-related services, and/or coverage options. Enrollees may contact CareFirst to change the information used to communicate with them.

The more complete information health care providers have, the better they can meet the Members' health care needs. Sharing information and data with the Member's treating providers can lead to better coordinated care, help the Member get timely care, limit duplicative services, and help the provider better identify patients who would benefit most from care management and other care coordination programs.

How we use medical information to enhance or coordinate the Member's care — In order to administer the Member's health benefits, CareFirst receives claims data and other information from the Member's various providers of care regarding diagnoses, treatments, programs and services provided under your health plan. Individual treating providers, however, may not have access to information from the Member's other providers. When CareFirst has such information, it may share it with the Member's treating providers through secure, electronic means solely for purposes of enhancing or coordinating the Member's care and to assist in clinical decision making.

The Member may Opt-Out of information sharing by CareFirst for these care coordination purposes. The Member has the right to opt-out of the sharing of this information by CareFirst with his/her treating provider for care coordination purposes at any time. To opt-out, the Member must complete, sign and return the *Opt-Out of Medical Information Sharing* Form found at www.carefirst.com/informationsharing. **When the Member submits this form, the Member also ends participation in any of the programs listed in this Agreement that require the sharing of information to enhance or coordinate care. If the Member opts out, his/her treating providers will not have access to the data or information CareFirst has available to help enhance or coordinate his/her care.**

6.10 Relationship of CareFirst to Health Care Providers. Health care providers, including Preferred Providers, Preferred or Participating Dentists, Contracting Vision Providers, and Contracting Pharmacy Providers, are independent contractors or organizations and are related to CareFirst by contract only. Preferred Providers, Preferred or Participating Dentists, Contracting Vision

Providers, and Contracting Pharmacy Providers are not employees or agents of CareFirst and are not authorized to act on behalf of or obligate CareFirst with regard to interpretation of the terms of the Evidence of Coverage, including eligibility of Members for coverage or entitlement to benefits. Preferred Providers, Preferred or Participating Dentists, Contracting Vision Providers, and Contracting Pharmacy Providers maintain a provider-patient relationship with the Member and are solely responsible for the professional services they provide. CareFirst is not responsible for any acts or omissions, including those involving malpractice or wrongful death of Preferred Providers, Preferred or Participating Dentists, Contracting Vision Providers, Contracting Pharmacy Providers, or any other individual, facility or institution which provides services to Members or any employee, agent or representative of such providers.

6.11 Provider and Services Information. Listings of current Preferred Providers, Preferred or Participating Dentists, Contracting Vision Providers, and Contracting Pharmacy Providers will be made available to Members at the time of enrollment. Updated listings are available to Members upon request. The listing of Preferred Providers, Preferred Dentists and Contracting Vision Providers is updated every fifteen (15) days on the CareFirst website (www.carefirst.com).

6.12 Administration of Evidence of Coverage. CareFirst may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of this Evidence of Coverage.

6.13 CareFirst's Relationship to the Group. The Group is not an agent or representative and is not liable for any acts or omissions by CareFirst or any health care provider. CareFirst is not an agent or representative of the Group and is not liable for any act or omission of the Group.

6.14 Delivery of Evidence of Coverage. Unless CareFirst makes delivery directly to the Member, CareFirst will provide to the Group, for delivery to each Subscriber, a statement that summarizes the essential features of the coverage and states to whom benefits under the Evidence of Coverage are payable. Only one (1) statement will be issued for each family unit, except in the instance of an eligible child who is covered due to an MCSO/QMSO. In this instance, an additional Evidence of Coverage will be delivered to the custodial parent upon request.

6.15 Evidence of Coverage Binding on Members. The Evidence of Coverage can be amended, modified or terminated in accordance with any provision of the Evidence of Coverage or by mutual agreement between CareFirst and the Group without the consent or concurrence of Members. ATTACHMENT A

BENEFIT DETERMINATIONS AND APPEALS

This attachment contains certain terms that have a specific meaning as used herein. These terms are capitalized and defined in Section A below, and/or in the Evidence of Coverage to which this document is attached.

These procedures replace all prior procedures issued by CareFirst, which afford CareFirst Members recourse pertaining to denials and reductions of claims for benefits by CareFirst.

These procedures only apply to claims for benefits. Notification required by these procedures will only be sent when a Member requests a benefit or files a claim in accordance with CareFirst procedures.

An authorized representative may act on behalf of the Member in pursuing a benefit claim or appeal of an Adverse Benefit Determination. CareFirst may require reasonable proof to determine whether an individual has been properly authorized to act on behalf of a Member. In the case of a claim involving Urgent/Emergent Care, a Health Care Provider with knowledge of a Member's medical condition is permitted to act as the authorized representative.

TABLE OF CONTENTS

A. DEFINITIONS

Adverse Benefit Determination means, as used in this attachment, the following:

1. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a Member's eligibility to participate in this plan. An Adverse Benefit Determination includes a Rescission.

2. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Cosmetic, Experimental or Investigational, or not Medically Necessary or appropriate.

Health Care Provider means a physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with State law.

Pre-Service Claim means any claim for a benefit when the receipt of the benefit, in whole or in part, is conditioned on the prior approval of the service in advance by CareFirst. These are services that must be "preauthorized" or "precertified" by CareFirst under the terms of the Member's contract.

Post Service Claim means any claim for a benefit that is not a Pre-Service Claim.

Rescission means, as used in this attachment, a cancellation or discontinuance of coverage that has retroactive effect, except to the extent it is attributable to a failure to pay required premiums or contributions towards the cost of coverage.

Urgent/Emergent Care means a Pre-Service or Concurrent Care claim for medical care or with respect to which the application of the time periods for making non-Urgent/Emergent Care determinations:

1. Could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function; or,

2. In the opinion of a Health Care Provider with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Whether a claim involves Urgent/Emergent Care is to be determined by an individual acting on behalf of CareFirst applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine. If a Health Care Provider with knowledge of the Member's medical condition determines that a claim involves Urgent/Emergent Care then CareFirst will treat the claim as one that involves Urgent/Emergent Care.

B. BENEFIT DETERMINATIONS

1. Request for Urgent/Emergent Care Coverage. When the Member or authorized representative requests a pre-service determination regarding Urgent/Emergent Care, then CareFirst will notify the Member or authorized representative of the benefit determination (whether adverse or not) as soon as possible, taking into account the medical exigencies, the earlier of:

   a. 24 hours after CareFirst's receipt of the necessary information to make the benefit determination, or

   b. 72 hours after receipt of the request for coverage.

   If a Member fails to provide sufficient information for CareFirst to determine whether benefits are covered or payable, CareFirst will notify the Member as soon as possible, but not later than 24 hours after receipt of the claim, of the specific information necessary to complete the claims. The Member shall be afforded a reasonable amount of time, taking into account the circumstances, but not less than 48 hours, to provide the specified information. CareFirst will notify the Member of the benefit determination as soon as possible, but in no case later than 48 hours after the earlier of:

   a. CareFirst's receipt of the specified information, or

   b. The end of the period afforded the Member to provide the specified additional information.

2. Pre-Service Claims. In the case of a Pre-Service Claim, CareFirst shall notify the Member of the benefit determination (whether adverse or not) within a reasonable period of time appropriate to the medical circumstances, but no later than 15 days after receipt of the claim.

   This period may be extended one time by CareFirst for up to 15 days, provided that such an extension is necessary due to matters beyond the control of CareFirst and CareFirst notifies the Member, prior to the expiration of the initial 15-day period, of

the circumstances requiring the extension of time and the date by which CareFirst expects to render a decision. If such an extension is necessary due to a failure of the Member to submit the information necessary to decide the claim, the notice of extension shall specifically describe the required information, and the Member will have at least 45 days from receipt of the notice within which to provide the specified information.

In the case of a failure by a Member or authorized representative to follow CareFirst procedures for filing a Pre-Service Claim, the Member or authorized representative shall be notified of the failure and the proper procedures to be followed in filing a claim for benefits. This notification shall be provided to the Member or authorized representative, as appropriate, as soon as possible, but not later than 5 working days following the failure. Notice will be sent within 24 hours in the case of a failure to file a claim involving Urgent/Emergent Care. Notification may be oral, unless written notification is requested by the Member or authorized representative.

This paragraph shall apply only in the case of a communication:

a. By a Member or authorized representative that is received by CareFirst or its authorized agent customarily responsible for handling benefit matters; and,

b. That names a specific Member; a specific medical condition or symptom; and a specific treatment, service, or product for which approval is requested.

3. Post-Service Claims. In the case of a Post-Service Claim, CareFirst shall notify the Member of the CareFirst's Adverse Benefit Determination within a reasonable period of time, but not later than 30 days after receipt of the claim. This period may be extended one time by CareFirst for up to 15 days, provided that CareFirst both determines that such an extension is necessary due to matters beyond the control of CareFirst and notifies the Member, prior to the expiration of the initial 30-day period, of the circumstances requiring the extension of time and the date by which CareFirst expects to render a decision. If such an extension is necessary due to a failure of the Member to submit the information necessary to decide the claim, the notice of extension shall specifically describe the required information, and the Member shall be afforded at least 45 days from receipt of the notice within which to provide the specified information.

4. Concurrent Care Decisions. If CareFirst has approved an ongoing course of treatment to be provided over a period of time or number of treatments:

a. CareFirst will notify the Member of any reduction or termination of such course of treatment (other than by a change in the plan's coverage by amendment or termination of coverage) before the end of such period of time or number of treatments and at a time sufficiently in advance of the reduction or termination to allow the Member to appeal and obtain a determination on review before the benefit is reduced or terminated.

b. Any request by a Member to extend the course of treatment beyond the period of time or number of treatments that is a claim involving Urgent/Emergent Care will be decided as soon as possible, taking into account the medical exigencies. CareFirst will notify the Member of the benefit determination, whether adverse or not, within 24 hours after receipt of the claim, provided that any such claim is made to CareFirst at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

5. Rescissions. If CareFirst has made an Adverse Determination that is a Rescission, CareFirst shall provide 30 days advance written notice to any covered person who would be affected by the proposed Rescission.

6. Calculating Time Periods. For purposes of this Part B, the period of time within which an Adverse Benefit Determination is required to be made shall begin at the time a claim is filed in accordance with CareFirst procedures. The time is counted regardless to whether all the information necessary to make a benefit determination accompanies the filing. In the event that a period of time is extended due to a Member's failure to submit information necessary to decide a claim, the period for making the benefit determination shall be tolled from the date on which the notification of the extension is sent to the Member until the date on which the Member responds to the request for additional information.

7. In the case of an Adverse Decision, CareFirst shall send the Member, the Member's Representative or Health Care Provider acting on behalf of the Member written or electronic notification of any Adverse Benefit Determination.

C. INTERNAL GRIEVANCE PROCEDURE

1. A grievance must be filed within 180 days from the date of receipt of the written notice of any Adverse Benefit Determination.

2. A Member or authorized representative should first contact CareFirst about a denial of benefits. CareFirst can provide information and assistance on how to file a grievance. All grievances filed should be in writing, except grievances involving Urgent/Emergent Care which may be submitted orally or in writing.

3. The Member or authorized representative may submit written comments, documents, records, and other information relating to a claim for benefits.

4. The grievance decision for Urgent/Emergent Care claim shall be made as soon as possible but no later than the earlier of 24 hours after CareFirst's receipt of the necessary information to make the decision regarding request for coverage, or 72 hours after receipt of the request for coverage.

5. A Member shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Member's claim for benefits. A document, record, or other information shall be considered relevant to a Member's claim if it:

   a. Was relied upon in making the benefit determination;

   b. Was submitted, considered, or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; or,

   c. Demonstrates compliance with the administrative processes and safeguards designed to ensure and verify that benefit claim determinations are made in accordance with governing plan documents and that, where appropriate, the plan provisions have been applied consistently with respect to similarly situated members.

6. A grievance and any applicable documentation should be sent to the correspondence address stated on the reverse of the Member identification card.

7. Timing of CareFirst responses. The time limits for responding to a grievance will begin at the time an appeal is filed in accordance with these procedures, without regard to whether all the information necessary to make a decision is initially included. CareFirst will make a grievance decision and written notification will be sent:

a. Within 30 days after receipt of the grievance for a case involving a Pre-Service Claim;

b. Within 60 days after receipt of the grievance for a case involving a Post-Service Claim; and

In the case of an expedited appeal regarding a claim relating to a prescription for the alleviation of cancer pain, the appeal decision shall be made as soon as possible but no later than 24 hours after receipt of the appeal.

8. When more information is needed for a decision. CareFirst will send notice within 5 working days of the receipt of the appeal that it cannot proceed with its review unless the additional information is provided. CareFirst will assist in gathering the necessary information. The response deadlines described above may be extended one time by CareFirst for up to 15 days, provided that CareFirst both:

a. determines that such an extension is necessary due to matters beyond the control of CareFirst; and,

b. notifies the Member, prior to the expiration of the initial 15-day period, of the circumstances requiring the extension of time and the date by which CareFirst expects to render a decision.

If such an extension is necessary due to a failure of the Member to submit the information necessary to decide the claim, the notice of extension shall specifically describe the required information, and the Member shall be afforded at least 45 days from receipt of the notice within which to provide the specified information.

In the event that a period of time is extended due to a Member's failure to submit necessary information, the period for responding to a grievance shall be tolled from the date on which the notification of the extension is sent to the Member until the date on which the Member responds to the request for additional information.

The Member must agree to this extension in writing. The Member will be asked to sign a consent form.

D. FAIR AND FULL REVIEW

CareFirst will provide a review that:

1. Takes into account all comments, documents, records, and other information submitted by the Member relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination;

2. Does not afford deference to the initial Adverse Benefit Determination and is conducted by an appropriate named fiduciary of CareFirst who is neither the individual who made the Adverse Benefit Determination that is subject to the appeal, nor the subordinate of such individual;

3. In deciding an appeal of an Adverse Benefit Determination that is based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, drug, or other item is Cosmetic, Experimental/Investigational, or not Medically Necessary, the appropriate named fiduciary shall consult with a Health Care Provider who has appropriate training and experience in the field of medicine involved in the medical judgment;

4. Provides for the identification of medical or vocational experts whose advice was obtained on behalf of CareFirst in connection with a Member's Adverse Benefit Determination, without regard to whether the advice was relied upon in making the benefit determination; and,

5. The Health Care Provider engaged for purposes of a consultation is an individual who is neither an individual who was consulted in connection with the Adverse Benefit Determination, nor the subordinate of any such individual.

E. DEEMED EXHAUSTION OF INTERNAL CLAIMS AND APPEAL PROCESS

In the case of a plan that fails to adhere to the minimum requirements for employee benefit plan procedures relating to Claims for Benefits, the Member is deemed to have exhausted the internal claims and appeals processes of paragraph C and D herein. Accordingly, the Member may initiate an external review under paragraph F of this section, as applicable. The Member is also entitled to pursue any available remedies under section 502(a) of ERISA or under State law, as applicable, on the basis that the plan has failed to provide a reasonable internal claims and appeals process that would yield a decision on the merits of the Claim for Benefits. If a Member chooses to pursue remedies under section 502(a) of ERISA under such circumstances, the Claim for Benefits, Grievance or Appeal is deemed denied on review without the exercise of discretion by an appropriate fiduciary.

F. EXTERNAL APPEAL PROCEDURE

A Member who is dissatisfied with a decision rendered in a final internal grievance process shall have the opportunity to pursue an appeal before an external independent review organization if filed within 4 months of the final grievance decision.

GENERAL PROVISIONS

13.1 How the Plan Works

The Preferred Provider Plan offers two (2) levels of benefits. Members may select the benefit level at which coverage will be provided each time care is sought. Under the Preferred Provider Plan, Members may receive benefits for a particular service under either the In-Network component or the Out-of-Network component. Members may not receive duplicate benefits for the same services.

A. In-Network Benefits

When In-Network benefits apply, Members are eligible for a higher level of benefits than when Out-of-Network benefits apply. In-Network benefits apply in the following circumstances:

1. Services Rendered by a Preferred Provider

Benefits for services rendered by a Preferred Provider are based on the appropriate Allowed Benefit, as described in the Evidence of Coverage. The level of benefits is reflected under In-Network Benefits in the Schedule of Benefits. Preferred Providers will submit claims to CareFirst directly for Covered Services. The Preferred Provider will accept the Allowed Benefit as full payment for Covered Services.

2. Other Circumstances

In each of the following circumstances, benefits will be based on the appropriate Allowed Benefit for the service or supply provided. The level of benefits for these providers' services will be that shown under In-Network Benefits in the Schedule of Benefits. The Member may be responsible for amounts in excess of the Allowed Benefit, in addition to any applicable Deductibles, Coinsurance, and Copayments.

When Out-of-Network benefits apply, covered services may be eligible for reduced benefits. When a Member uses a provider that is not a Preferred Provider, benefits are based on the appropriate Allowed Benefit. The level of Out-of-Network Benefits is shown in the Schedule of Benefits. The Member may be responsible for amounts in excess of the Allowed Benefit for services by a provider who is not a Preferred Provider**.**

13.2 Continuing Care with Terminated Providers

B. The Member may, upon request, continue to receive Covered Services from his/her provider for up to 90 days after the date of the notice of the provider termination from CareFirst provider panel, if termination was for reasons unrelated to fraud, patient abuse, incompetence, or loss of licensure status. In addition, a Member may continue treatment with a terminated provider if:

1. A Member was in an active course of treatment with the terminated provider prior to the date the Member was notified. The Member needs to request, from CareFirst, to continue receiving care from the terminated provider. A. When the Member receives a vision examination from a Contracting Vision Provider, the benefit payment is accepted as payment in full.

B. When a Member receives frames and spectacle lenses or contact lenses from a Contracting Vision Provider, the Member's responsibility is as stated below. The benefit payment is as stated in the attached Schedule of Benefits.

1. When the Member receives frames from the display of collection frames (the collection designated by the Vision Care Designee) and basic spectacle lenses from a Contracting Vision Provider, the benefit payment is accepted as payment in full.

2. When the Member receives other frames, non-basic spectacle lenses or contact lenses from a Contracting Vision Provider, the Member is responsible for the cost difference between the Vision Care Designee's payment and the Contracting Vision Provider's actual charge.

C. When the Member receives Covered Vision Services from a Non-Contracting Vision Provider, the Member is responsible for the cost difference between the Vision Care Designee's payment and the Non-Contracting Vision Provider's actual charge. The Vision Care Designee's payment is stated in the Schedule of Benefits.

D. Limited Access Area: If the Member resides in an area that does not have adequate access to a Contracting Vision Provider and the Member receives Vision Care from a Non-Contracting Vision Provider, the Vision Care Designee will pay up to 100% of the Allowed Benefit. The Member is responsible for any difference between the amount billed and the Vision Care Designee's payment. To determine if the Member resides in a

limited access area, the Member must call the Vision Care Designee at the telephone number on the Member's identification card.

13.5 Pediatric Dental Coverage

A. The Member has the exclusive right to choose a Dentist. Whether a Dentist is a Preferred or Participating Dentist or not relates only to method of payment, and does not imply that any Dentist is more or less qualified than another.

B. CareFirst makes payment for Covered Dental Services, but does not provide these services. CareFirst is not liable for any act or omission of any Dentist.

C. Services of Participating Dentists

1. Claims will be submitted directly to CareFirst by the Dentist.

2. CareFirst will pay benefits directly to the Dentist.

3. The Member is responsible for only the Deductible and Coinsurance.

D. Services of Non-Participating Dentists

1. Claims may be submitted directly to CareFirst by the Non-Participating Dentist or the Member. In either case, it is the responsibility of the Member to make sure that proof of loss is filed on time as stated in the Proof of Loss section of the Evidence of Coverage.

2. All benefits for Covered Dental Services rendered by a Non-Participating Dentist will be payable to the Subscriber or to the Non-Participating Dentist, at the discretion of CareFirst.

3. The Member is responsible for the difference between the CareFirst payment and the Non-Participating Dentist's charge.

E. Services of Preferred Dentists

1. Many Participating Dentists have special agreements with CareFirst and are part of a network of Preferred Dentists. In general, if a Member chooses a Preferred Dentist, the cost to the Member is lower than if the Member chooses a Non-Preferred Dentist. In the Schedule of Benefits, the Coinsurance percentages are listed as either "In-Network" (for a Preferred Dentist) or "Out-of-Network" (for a Non-Preferred Dentist).

2. If a Preferred Dentist is not reasonably available when a Member requires emergency care (Palliative Treatment and/or Emergency Oral Exam), benefits will be paid based on the "In-Network" Coinsurance percentage listed in the Schedules of Benefits. Participating Dentists will accept the Allowed Benefit as payment in full, except for any applicable Deductible and Coinsurance amounts for which the Member is responsible. Non-Participating Dentists may bill the Member for the difference between the CareFirst payment and the Non-Participating Dentist's charge.

F. Estimate of Eligible Benefits

A Dentist may propose a planned dental treatment or series of dental procedures. A Member may choose to obtain a written estimate of the benefits available for such procedures.

CareFirst encourages a Member to obtain a written Estimate of Eligible Benefits (CareFirst's written estimate of benefits before a service is rendered) also known as a pre-treatment estimate (PTE) for major dental procedures, thereby alerting a Member of the out-of-pocket expenses that may be associated with the treatment plan, related deductibles, co-insurance and/or procedures that are not Covered Dental Services. Based on an Estimate of Eligible Benefits or PTE from CareFirst, a Member can decide whether or not to incur the expense that may be associated with a particular treatment plan.

Failure to obtain an Estimate of Eligible Benefits or PTE has no effect on the benefits to which a Member is entitled. A Member may choose to forgo the Estimate of Eligible Benefits or PTE and proceed with treatment.

After the services are rendered, the claim will be reviewed by CareFirst. Should the review determine that the service(s) rendered meet CareFirst's criteria for benefits, the benefits will be provided as described in this Description of Covered Services. However, should the review of the claim determine that the treatment or procedures did not meet CareFirst's criteria for benefits, benefits will not be provided.

To request an Estimate of Eligible Benefits or PTE prior to receiving dental treatment or dental procedures, a Member should contact his or her Dentist who will coordinate the request on the Member's behalf. If the Dentist has any questions about the process, he or she may contact the CareFirst Provider Services Department or go to the CareFirst website at www.carefirst.com, which lists information in the Physicians and Providers section, under the subsection for Dental, and list of Resources. The Estimate of Eligible Benefits or PTE is merely an estimate, and it cannot be considered a guarantee of the Member's benefits or enrollment.

The process is different for orthodontic services. The Affordable Care Act requires that orthodontics must be Medically Necessary to be Covered Dental Services. To request a PTE for orthodontic services, the Member must see an orthodontist who will do an exam and orthodontic assessment that may include taking orthodontic records (study models and certain x-rays). The orthodontist will then complete a case assessment using a scoring tool required by the state. Then the orthodontic records and case assessment will be sent to CareFirst for evaluation and confirmation of the assessment score. If the score meets or exceeds the baseline requirement, the orthodontics will be approved for the Member. If the score is less than the minimal required score, then the request for orthodontic benefits will be denied.

A decision by CareFirst to deny benefits as described in this section constitutes an Adverse Decision if the decision is based on a finding that the proposed service is not Medically Necessary, appropriate, or efficient.

13.6 Prescription Drug Coverage.

A. Accessing the Prescription Drug Benefit Card Program.

1. Members may use his/her identification card to purchase Covered Prescription Drugs from Contracting Pharmacy Providers. If the Prescription Drug coverage includes a Deductible, the Member must pay the entire cost of the Covered Prescription Drug(s) until the Deductible is satisfied. Once the Deductible, if applicable, has been satisfied, the Member pays the appropriate Copayment or Coinsurance as stated in the Schedule of Benefits.

2. For Covered Prescription Drugs or diabetic supplies purchased from a non-Contracting Pharmacy Provider, the Member is responsible for paying the total charge and submitting a claim to CareFirst or its designee for reimbursement. In cases of Emergency Services or Urgent Care received outside of the Service Area, Members will be entitled to reimbursement from CareFirst or its designee

up to the amount of the total charge, minus any applicable Deductible, Copayment or Coinsurance. In all other cases, Members will be entitled to reimbursement from CareFirst or its designee for the amount up to the Prescription Drug Allowed Benefit, minus any applicable Deductible, or Copayment or Coinsurance.

3. Except for Specialty Drugs, Members have the option of ordering Covered Prescription Drugs via mail order. The mail order program provides Members with a Pharmacy that has an agreement with CareFirst or its designee, to provide mail service for Covered Prescription Drugs in accordance with the terms of this provision. The Member is responsible for any applicable Deductible, Copayment, or Coinsurance.

B. Additional Terms and Conditions

1. Members or health care providers must obtain prior authorization by providing information to support Medical Necessity before prescribing any Covered Prescription Drug in the Prescription Guidelines. A copy of the Prescription Guidelines is available to the Member or provider upon request.

2. Providers may substitute a Generic Drug for a Brand Name Drug. If there is no Generic Drug for the Brand Name Drug the Member shall pay the applicable Copayment or Coinsurance as stated in the Schedule of Benefits for Preferred Brand Name Drugs or Non-Preferred Brand Name Drugs.

3. If a provider prescribes a Non-Preferred Brand Name Drug, and the Member selects the Non-Preferred Brand Name Drug when a Generic Drug is available, the Member shall pay the applicable Copayment or Coinsurance as stated in the Schedule of Benefits plus the difference between the price of the Non-Preferred Brand Name Drug and the Generic Drug. A Member will be allowed to obtain a Non-Preferred Brand Name Drug in place of an available Generic Drug and pay only the Non-Preferred Brand Name Drug Copayment or Coinsurance when Medically Necessary, as determined by CareFirst.

4. A Member may request a Non-Preferred Brand Name Drug be covered for the Preferred Brand Name Drug Copayment or Coinsurance if the provider determines that the Preferred Brand Name Drug would not be effective or would result in adverse effects.

5. When a Generic version of a Prescription Drug becomes available, the Brand Name Drug may be removed from the Formulary or moved to the Non-Preferred level.

6. Members must use 80% of a dispensed non-Maintenance Drug or Maintenance Drug in the manner prescribed before a refill of that prescription can be obtained.

7. The Member is responsible for obtaining prior authorization for Covered Prescription Drugs in the Prescription Guidelines when obtained from a non-Contracting Pharmacy Provider by calling the customer service telephone number listed on the identification card.

C. How to Obtain Prescription Drugs Not Included in the CareFirst Formulary.

The Member may request an exception for coverage of a Prescription Drug not contained on the CareFirst Formulary.

1. The Member, the Member's authorized representative or the Member's provider may request an exception based upon Medical Necessity by contacting the

CareFirst at the telephone number located on the back of the Member's identification card.

2. An exception form should be submitted by the prescribing provider and returned to CareFirst. The prescribing provider may submit a letter of Medical Necessity for dispensing of the non-Covered Prescription Drug.

3. Upon review by the CareFirst, the prescribing provider and the Member or Member's representative will be notified.

   a) If the request is approved then the Prescription Drug will be dispensed and the Member will be responsible for the Non-Preferred Brand Name Drug Copayment. If the Prescription Drug exception request is for a non-Formulary Specialty Drug and the exception is granted, then the Member will be responsible for the Non-Preferred Specialty Drug Copayment.

   b) If the exception request is denied, the denial shall be considered an Adverse Decision and may be appealed in accordance with the process outlined in the Benefit Determination and Appeals Amendment.

      In addition, if the exception request is denied, the Member, the Member's representative or the prescribing provider may submit an external exception request to CareFirst requiring that the original exception request and subsequent denial be reviewed by an independent review organization.

4. Timeframe for review and notification of outcome of exception request:

   a) Urgent requests based on exigent circumstances from the Member's prescribing provider will be completed within twenty-four (24) hours.

      For purposes of this provision, exigent circumstances exist when a Member is suffering from a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function or when a Member is undergoing a current course of treatment using a non-Formulary Prescription Drug.

   b) Non-urgent requests will be completed within seventy-two (72) hours.

   c) A request for an external review of the original exception request will be completed no later than twenty-four (24) hours after receipt of the request if the original exception request was urgent and seventy-two (72) hours following receipt of the request if the original exception request was non-urgent.

   d) CareFirst shall provide coverage for the non-Formulary drug for the duration of the prescription (including refills) if coverage is granted under a standard exception request, or for the duration of the exigency if coverage is granted under an expedited exception request.

SECTION 14
UTILIZATION MANAGMENT

Failure to meet the requirements of the utilization management program may result in a reduction or denial of benefits even if the services are Medically Necessary.

14.1 Utilization Management

Benefits are subject to review and approval under utilization management requirements established by CareFirst. Through utilization management, CareFirst will:

1. Review Member care and evaluate requests for approval of coverage in order to determine the Medical Necessity for the services;

2. Review the appropriateness of the hospital or facility requested; and,

3. Determine the approved length of confinement or course of treatment in accordance with CareFirst established criteria.

In addition, utilization management may include additional aspects such as prior authorization, and/or preadmission testing requirements, concurrent review, and discharge planning.

If coverage is reduced or excluded for failure to comply with utilization management requirements, the reduction or exclusion may be applied to all services related to the treatment, admission, or portion of the admission for which utilization management requirements were not met. The terms that apply to a Member's coverage for failure to comply with utilization management requirements are stated in the Schedule of Benefits.

14.2 Preferred Provider Responsibility

Preferred Providers located in the CareFirst service area are responsible for providing utilization management notices and obtaining necessary utilization management approvals on the Member's behalf. However, the Member must advise the provider that coverage exists under the plan. In addition, the Member must comply with utilization management requirements and determinations. If the Preferred Provider fails to obtain such prior authorization, the Member will be held harmless.

14.3 Member Responsibility

If the Member receives Covered Services outside of the service area, or care is rendered by a Non-Preferred Provider, the Member is responsible for all utilization management requirements.

It is the Member's responsibility to ensure that providers associated with the Member's care cooperate with utilization management requirements. This includes initial notification in a timely manner, responding to CareFirst inquiries and, if requested, allowing CareFirst representatives to review medical records on-site or in CareFirst offices. If CareFirst is unable to conduct utilization reviews, Member benefits may be reduced or excluded from coverage.

14.4 Procedures

To initiate utilization management review, the Member may directly contact CareFirst or may arrange to have notification given by a family member or by the provider that is involved in the Member's care. However, these individuals will be deemed to be acting on the Member's behalf. If the Member and/or the Member's representatives fail to contact CareFirst as required, or provide inaccurate or incomplete information, benefits may be reduced or excluded.

Members should share the requirements of this section with family members and other responsible persons who could arrange for care on the Member's behalf in accordance with this section in case the Member is unable to do so when necessary. CareFirst will provide additional information regarding utilization management requirements and procedures, including telephone numbers and hours of operation, at the time of enrollment and at any time upon the Member's request.

14.5 Services Subject to Utilization Management

It is the Member's responsibility to obtain prior authorization for the following services when Covered Services are rendered by Non-Preferred Providers, and for any Covered Services provided outside of the CareFirst service area.

A. Hospital Inpatient Services

All hospitalizations require prior authorization (except for maternity and Emergency admissions as specified). The Member must contact (or have the provider contact CareFirst) at least five (5) business days prior to an elective or scheduled admission to the hospital. If the admission cannot be scheduled in advance because it is not feasible to delay the admission for five (5) business days due to the Member's medical condition, CareFirst must receive notification of the admission as soon as possible but in any event within forty-eight (48) hours following the beginning of the admission or by the end of the first business day following the beginning of the admission, whichever is later.

Emergency Admissions

CareFirst may not render an adverse decision solely because CareFirst was not notified of the emergency admission within the prescribed period of time after that admission if the Member's condition prevented the hospital from determining the Member's insurance status or CareFirst's emergency admission requirements.

B. Inpatient Mental Illness and Alcohol and/or Substance Use Disorder Services

The Member must contact CareFirst (or have the provider contact CareFirst) at least five (5) business days prior to an elective or scheduled admission. If the admission cannot be scheduled in advance because care is required immediately due to the Member's condition, CareFirst must receive notification of the admission as soon as possible but in any event within forty-eight (48) hours following the beginning of the admission or by the end of the first business day following the beginning of the admission, whichever is later.

For emergency admissions, CareFirst may not render an adverse decision solely because CareFirst was not notified of the emergency admission within the prescribed period of time after that admission if the Member's condition prevented the hospital from determining the Member's insurance status or CareFirst's emergency admission requirements.

C. Organ and Tissue Transplants

Transplants and related services must be coordinated and prior authorization must be obtained from CareFirst. Prior authorization is not required for cornea transplants and kidney transplants. Coverage for related medications is available under Section 10, Prescription Drugs.

D. Ambulance Services. Prior authorization is required for air ambulance services only, except for Medically Necessary air ambulance services in an emergency.

E. Other Services. If the Member requires any of the following services, the Member must contact CareFirst (or have the physician, hospital, or other provider contact CareFirst) at least five (5) business days prior to the anticipated date upon which the elective admission or treatment will commence:

1. Home Health Care Services, except Home Health Visits following a Mastectomy and surgical removal of a testicle or post-partum Home Visits;

2. Skilled Nursing Facility Services;

3. Hospice Care Services;

4. Habilitative Services for Adults;

5. Low Vision Services and Medically Necessary Contact Lenses; and

6. Prescription Drugs in the Prescription Drug Guidelines and human growth hormones.

Covered Services not listed in this provision do not require prior authorization. CareFirst reserves the right to make changes to the categories of services that are subject to utilization management requirements or to the procedures the Member and/or the providers must follow. CareFirst will notify the Member of these changes at least forty-five (45) days in advance.

Prior authorization is not required for any Covered Services when Medicare is the primary insurer.

14.6 CareFirst Personnel Availability for Prior Authorization
CareFirst will have personnel available to provide prior authorization at all times when prior authorization is required.

14.7 Concurrent Review and Discharge Planning. Following timely notification, CareFirst will instruct the Member or the Member's representative, as applicable, about the procedures to follow, including the need to submit additional information and any requirements for re-notification during the course of treatment.

14.8 Appealing a Utilization Management Decision
If the Member, the Member's representative or Member's provider disagrees with a utilization management decision, CareFirst will review the decision upon request. A utilization management appeal will be reviewed and decided upon by the CareFirst Medical Director or Associate Medical Director not involved in the initial denial decision. If necessary, the Medical Director or Associate Medical Director will discuss the Member's case with the Member's physician and/or request the opinion of a specialist board certified in the same specialty as the treatment under review. Any non-certification or penalty may be appealed. Additional information is provided in the Benefit Determination and Appeals section of the Evidence of Coverage on how to appeal a utilization management decision.

SCHEDULE OF BENEFITS

The benefits and limitations described in this schedule are subject to all terms and conditions stated in the Evidence of Coverage.

CareFirst pays only for Covered Services, Covered Dental Services and Covered Vision Services. The Member pays for services, supplies or care, which are not covered. The Member pays any applicable Deductible, Copayment or Coinsurance. Services that are not listed in the Description of Covered Services, or are listed in the Exclusions and Limitations, are not Covered Services, Covered Dental Services or Covered Vision Services.

When determining the benefits a Member may receive, CareFirst considers all provisions and limitations in the Evidence of Coverage as well as its medical policies. When these conditions of coverage are not met or followed, payments for benefits may be denied. Certain utilization management requirements will also apply. When these requirements are not met, payments may be reduced or denied.

DEDUCTIBLES	
IN-NETWORK DEDUCTIBLE	**OUT-OF-NETWORK DEDUCTIBLE**
The Individual Deductible is $500 per Benefit Period. The Family Deductible is $1,000 per Benefit Period.	The Individual Deductible is $1,000 per Benefit Period. The Family Deductible is $2,000 per Benefit Period.

IN-NETWORK AND OUT-OF-NETWORK DEDUCTIBLES

Individual Coverage: The Member must satisfy the Individual Deductible.

Family Coverage: Each Member can satisfy his/her own Deductible by meeting the Individual Deductible. In addition, eligible expenses for all covered Members can be combined to satisfy the Family Deductible. An individual family Member may not contribute more than the Individual Deductible toward meeting the Family Deductible. Once the Family Deductible has been met, this will satisfy the Deductible for all covered family Members.

The In-Network Deductible and the Out-of-Network Deductible are separate amounts and do not contribute to one another.

The following amounts may <u>not</u> be used to satisfy the In-Network OR Out-of-Network Deductibles:

- Amounts incurred for failure to comply with the utilization management program requirements.
- Difference between the price of a Non-Preferred Brand Name Drug and Generic Drug when a Member selects a Non-Preferred Brand Name Drug when a Generic Drug is available.
- Charges in excess of the Allowed Benefit and Prescription Drug Allowed Benefit.
- Charges for services which are not covered under the Evidence of Coverage or which exceed the maximum number of covered visits/days listed below.
- Charges for Covered Services not subject to the Deductible.
- Charges for Prescription Drugs.
- Charges for Pediatric Vision Services or Pediatric Dental Services.

The benefit chart below states whether a covered service is subject to a Deductible. If a Deductible applies, the chart will also state whether a Deductible applies to In-Network benefits, Out-of-Network benefits, or both.

OUT-OF-POCKET MAXIMUM	
IN-NETWORK OUT-OF-POCKET MAXIMUM	**OUT-OF-NETWORK OUT-OF-POCKET MAXIMUM**
The Individual Out-of-Pocket Maximum is $5,800 per Benefit Period. The Family Out-of-Pocket Maximum is $11,600 per Benefit Period. **The following amounts apply to the In-Network Out-of-Pocket Maximum:** • Copayments for In-Network services. • Coinsurance for covered In-Network services, including In-Network Pediatric Dental Services. • The In-Network Deductible. • The In-Network Pediatric Dental Deductible. • Amounts paid toward Prescription Drugs, including the Prescription Drug Deductible. When the Member has reached the Individual In-Network Out-of-Pocket Maximum, no further Copayments, Coinsurance, or Deductibles will be required in that Benefit Period for In-Network services for that Member.	The Individual Out-of-Pocket Maximum is $11,600 per Benefit Period. The Family Out-of-Pocket Maximum is $23,200 per Benefit Period. **The following amounts apply to the Out-of-Network Out-of-Pocket Maximum:** • Copayments and Coinsurance for covered Out-of-Network services, including Out-of-Network Pediatric Dental Services. Amounts paid for Prescription Drugs obtained from a non-Contracting Pharmacy Provider will be applied to the In-Network Out-of-Pocket Maximum. • The Out-of-Network Deductible. • The Out-of-Network Pediatric Dental Deductible. When the Member has reached the Out-of-Network Out-of-Pocket Maximum, no further Copayments, Coinsurance, or Deductibles will be required in that Benefit Period for Out-of-Network services.

IN-NETWORK AND OUT-OF-NETWORK OUT-OF-POCKET MAXIMUM

Individual Coverage: The Member must meet the Individual Out-of-Pocket Maximum.

Family Coverage: Each Member can satisfy his/her own Individual Out-of-Pocket Maximum by meeting the Individual Out-of-Pocket Maximum. In addition, eligible expenses of all covered family members can be combined to satisfy the Family Out-of-Pocket Maximum. An individual family member cannot contribute more than the Individual Out-of-Pocket Maximum toward meeting the Family Out-of-Pocket Maximum. Once the Family Out-of-Pocket Maximum has been met, this will satisfy the Out-of-Pocket Maximum for all family members.

The In-Network Out-of-Pocket Maximum and the Out-of-Network Out-of-Pocket Maximum are separate amounts and do not contribute to one another.

The following amounts may <u>not</u> be used to meet the In-Network or Out-of-Network Out-of-Pocket Maximum:

- Amounts incurred for failure to comply with the utilization management program requirements.
- Difference between the price of a Non-Preferred Brand Name Drug and Generic Drug when a Member selects a Non-Preferred Brand Name Drug when a Generic Drug is available. If a Member selects a Brand Name Drug when a Generic Drug is available, manufacturer coupons and the difference between the price of the Brand Name Drug and the Generic Drug would not count towards the Out-of-Pocket Maximum. If the Brand Name Drug does not have a Generic Drug equivalent, then manufacturer coupons may count towards the Out-of-Pocket Maximum.
- Charges in excess of the Allowed Benefit, Prescription Drug Allowed Benefit, Vision Allowed Benefit and Pediatric Dental Allowed Benefit.

- Charges for services which are not covered under the Evidence of Coverage or which exceed the maximum number of covered visits/days listed below.

- Charges for Out-of-Network Covered Pediatric Vision Services.

UTILIZATION MANAGEMENT

Failure or refusal to comply with utilization management program requirements will result in a 50% reduction in benefits for services associated with the Member's care or treatment (other than Prescription Drug, Pediatric Vision and Pediatric Dental benefits).

INTER-PLAN ARRANGEMENTS DISCLOSURE AMENDMENT

This amendment is effective on the effective date of the Evidence of Coverage to which this amendment is attached.

Out-of-Area Services

Overview

CareFirst has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the geographic area CareFirst serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of CareFirst service area, you will receive it from one of two kinds of providers. Most providers ("participating/PPO providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some providers ("non-participating providers") don't contract with the Host Blue. CareFirst explains below how we pay both kinds of providers.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all Dental Care Benefits except when paid as medical claims/benefits, and those Prescription Drug Benefits or Vision Care Benefits that may be administered by a third party contracted by CareFirst to provide the specific service or services.

A. BlueCard® Program

Under the BlueCard® Program, when you receive covered services within the geographic area served by a Host Blue, CareFirst will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating/PPO providers.

When you receive covered services outside the CareFirst service area and the claim is processed through the BlueCard Program, the amount you pay for covered services is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to CareFirst.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price CareFirst has used for your claim because they will not be applied after a claim has already been paid.

B. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to insured accounts. If applicable, CareFirst will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

C. Non-participating Providers Outside CareFirst Service Area

1. Member Liability Calculation

When covered services are provided outside of CareFirst service area by non-participating providers, the amount you pay for such services will normally be based on either the Host Blue's non-participating provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be responsible for the difference between the amount that the non-participating provider bills and the payment CareFirst will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

2. Exceptions

In certain situations, CareFirst may use other payment methods, such as billed charges for covered services, the payment we would make if the covered services had been obtained within our service area, or a special negotiated payment to determine the amount CareFirst will pay for services provided by non-participating providers. In these situations, you may be liable for the difference between the amount that the non-participating provider bills and the payment CareFirst will make for the covered services as set forth in this paragraph.

D. Blue Cross Blue Shield Global® Core

If you are outside the United States (hereinafter "BlueCard service area"), you may be able to take advantage of the Blue Cross Blue Shield Global® Core when accessing covered services. The Blue Cross Blue Shield Global® Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global® Core assists you with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

- **Inpatient Services**

  In most cases, if you contact the service center for assistance, hospitals will not require you to pay for covered inpatient services, except for your deductibles, coinsurance, etc. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for covered services. **You must contact CareFirst to obtain precertification for non-emergency inpatient services.**

- **Outpatient Services**

  Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for covered services.

- **Submitting a Blue Cross Blue Shield Global® Core Claim**

  When you pay for covered services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global® Core claim form and send the claim form with the provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from CareFirst, the service center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

This amendment is issued to be attached to the Evidence of Coverage. This amendment does not change the terms and conditions of the Evidence of Coverage, unless specifically stated herein.

INTER-PLAN PROGRAM ANCILLARY SERVICES AMENDMENT

This amendment is effective on the effective date or renewal date of the Evidence of Coverage to which this amendment is attached.

As used in this amendment, "Out-of-Area Covered Ancillary Services" mean:

1. Independent Clinical Laboratory Tests (performed at non-hospital based labs)
2. Medical Devices and Supplies
3. Specialty Prescription Drugs (non-routine, biological therapeutics such as injectables, infusion therapies, high-cost therapies, and therapies that require complex care)

Under the BlueCard® Program, Members are able to obtain Covered Ancillary Services outside the geographic area that CareFirst services. This program allows Members to obtain Out-of-Area Covered Ancillary Services from providers that have a contractual agreement (i.e., are "participating providers" or "contracted providers") with the local Blue Cross and/or Blue Shield Licensee in another geographic area, as well as non-participating providers in some instances.

As used in this amendment, the "Local Plan" means the plan that is responsible for processing Out-of-Area Covered Ancillary Services claims under the BlueCard® Program.

Member payment for Out-of-Area Covered Ancillary Services at the participating or non-participating provider payment level is determined by the relationship between the provider and the Local Plan. If the provider of Covered Ancillary Services has a contract with the Local Plan (a participating provider), the Member is responsible for the participating provider member payment as stated in the Inter-Plan Arrangements Disclosure Amendment.

If the provider of Covered Ancillary Services does not have a contract with the Local Plan (a non-participating provider), the Member is responsible for the non-participating provider member payment as stated in the Inter-Plan Arrangements Disclosure Amendment.

For Out-of-Area Covered Ancillary Services, the Local Plan is determined as follows:

Independent Clinical Laboratory Tests - if the referring provider is located in the same service area where the specimen was drawn, the plan of the service area where the specimen was drawn is the Local Plan; if the referring provider is not located in the same service area where the specimen was drawn, the plan of the service area where the referring provider is located is the Local Plan.

Medical Devices and Supplies - the plan of the service area where the equipment was shipped to or purchased at a retail store is the Local Plan.

Specialty Prescription Drugs - the plan of the service area where the ordering physician is located is the Local Plan.

This amendment is subject to all of the terms and conditions of the Evidence of Coverage to which it is attached and does not change any terms or conditions, except as specifically stated herein.

SUMMARY OF GENERAL PURPOSES, COVERAGE LIMITATIONS AND CONSUMER PROTECTION

General Purposes

Residents of the District of Columbia should know that licensed insurers who sell health insurance, life insurance, and annuities in the District of Columbia are members of the District of Columbia Life and Health Insurance Guaranty Association ("Guaranty Association").

The purpose of the Guaranty Association is to assure that policy or contract holders of certain types of insurance policies and contracts are covered up to the statutory levels of protection of contractual benefits in the unlikely event that a member insurer is unable to meet its financial obligations and found by a court of law to be insolvent. When a member insurer is found by a court to be insolvent, the Guaranty Association will assess its other member insurers to provide benefits on any outstanding covered claims of persons who reside in the District of Columbia. However, this additional protection provided through the Guaranty Association is subjected to certain statutory limits explained under "Coverage Limitations" section, below.
