

JURISDICTION SPECIFIC MEDICARE PART B

VONVENDI (von Willebrand factor [recombinant])

POLICY

I. COVERED USES

The indications below are considered a covered benefit provided that all the approval criteria are met and the member has no exclusions to the prescribed therapy.

Vonvendi is indicated for the use in adults diagnosed with von Willebrand disease (VWD) for:

- A. On-demand treatment and control of bleeding episodes
- B. Perioperative management of bleeding

All other indications will be assessed on an individual basis. Submissions for indications other than those enumerated in this policy should be accompanied by supporting evidence from Medicare approved compendia.

II. DOCUMENTATION

The following documentation must be available in a legible format with patient identification information (e.g., complete name and dates of service and signature of physician or non-physician practitioner responsible for and providing care to the member, upon request, for all submissions:

- A. The submitted medical record must support the use of the selected ICD-10-CM codes. The submitted CPT/HCPCS code must describe the service performed.
- B. The medical record documentation must support the medical necessity of the services as stated in this policy.

III. CRITERIA FOR APPROVAL

Von Willebrand Disease

Authorization of 12 months may be granted for von Willebrand disease.
