

BlueChoice Triple Option Open Access Health Plan

The benefits of three health care plans in one

The BlueChoice Triple Option *Open Access Health Plan* gives you three choices every time you need care. With BlueChoice Triple Option *Open Access Health Plan*, you have the flexibility to choose the providers you want to see when and where you want to see them.

Our Focus is You

*Visit providers
outside of the
network—no need
to get a referral.*

Triple Option Plan advantages:

Option 1—BlueChoice HMO

- Choose from more than 37,000 BlueChoice providers, specialists and hospitals in Maryland, Washington, D.C. and Northern Virginia.
- No PCP referral required to see a specialist.
- Receive coverage for preventive health care services at no cost.
- Avoid the unwelcome surprise of high medical costs with predictable copays and deductibles.
- Avoid balance billing when you receive care from a CareFirst BlueChoice provider.
- Enjoy your plan benefits when you're out of the area for more than 90 days with the Away From Home Care[®] program.

How the BlueChoice plan works

Establishing a relationship with one provider is the best way for you to receive consistent, quality health care. When you enroll in this plan, you will select a PCP to manage your primary medical care. Make sure you select a PCP for not only yourself but each of your Family members as well. Your PCP must participate in the CareFirst BlueChoice provider network and must specialize in family practice, general practice, pediatrics or internal medicine.

This plan has an Open Access feature, which means you have direct access to CareFirst BlueChoice specialists without needing to obtain a referral from your PCP. However, you may choose to call your PCP when you need care.

Your PCP can:

- Maintain your medical history.
- Work with you to determine when you should see a specialist.
- Assist you in the selection of a specialist.

Option 2—BluePreferred PPO

Provides greater flexibility of choice of providers locally and nationally

This option gives you the freedom to seek care from any provider you choose in the Blue Preferred PPO network. You will receive a high level of benefits when you see a provider who participates in the CareFirst Blue Preferred network. To locate preferred providers, visit carefirst.com/pgcps. Under Plan Type choose Blue Preferred.

When you are traveling your membership gives you a world of choices. More than 85% of all doctors and hospitals throughout the U.S. contract with Blue Cross and Blue Shield plans. Whether you need care here in the U.S. or abroad, you'll have access to health care in more than 190 countries.

If you travel outside the CareFirst service area of Maryland, Washington, D.C. and Northern Virginia, you have the freedom to select any provider who participates in the BlueCard PPO network. To locate participating doctors in the BlueCard PPO network, visit <http://provider.bcbs.com>.

Option 3—Provides the greatest flexibility

This option offers you the opportunity to receive care from any doctor or facility – even those who do not participate in a CareFirst provider network.

Keep in mind, when you visit non-participating providers you will likely have to:

- Pay the provider's charge in full
- File a claim (visit carefirst.com/pgcps and, under For Members, choose Forms)
- Satisfy a \$200 deductible and a 30% coinsurance amount

Around the world

Like your passport, you should always carry your ID card when you travel or live outside the U.S. The BlueCard & Global Care Worldwide program provides medical assistance services and access to doctors, hospital, and other health care professionals around the world.

Medical Assistance when outside the U.S.

Call 800-810-BLUE (2583) or toll-free at (include country code) 804-673-1177 24 hours a day, 7 days a week for information on doctors, hospitals, or other health care professionals to receive medical assistance.

Your benefits

Step 1: Meet your Option 2 & 3 deductible.

You have a deductible to meet under both options. You will be responsible for the entire cost of your medical care up to the amount of your deductible. Once your deductible is satisfied, your full benefits will become available to you.

You will have a different deductible amount for Option 2 vs. Option 3. For example, when you see a PPO provider (option 2), your expenses will count toward your \$100 deductible and the out of network (option 3) deductible is \$200.

Members should refer to their Certificate or Evidence of Coverage for detailed deductible information.

Step 2: Your plan will start to pay for services

After you satisfy your deductible, your plan will start to pay for covered services. The level of those benefits will depend on whether you see a PPO provider or indemnity.

In general, out-of-network providers do not have an agreement with CareFirst to accept the allowed benefit as payment in full for their services.

Therefore, if you receive services from an out-of-network provider, you will be balance billed based on the Provider's charge. In addition, you may be required to pay the out of network total charge at time of service and may need to submit a claim to CareFirst for reimbursement. However, if you visit a participating provider, you are protected from balance billing.

Step 3: Your out-of-pocket maximum

Your out-of-pocket maximum is the maximum amount you will pay during your benefit period. Should you reach your out-of-pocket maximum; your plan will pay 100% of the allowed benefit for covered services for the remainder of the benefit period. The amounts you pay toward your copays and/or coinsurance will count toward your out-of-pocket maximum.

Important terms

Allowed benefit is the dollar amount CareFirst allows for the particular service in effect on the date that service is rendered.

Balance Billing is billing a member for the difference between the allowed charge and the actual charge.

Copay is a fixed dollar amount a member must pay for a covered service.

Coinsurance is a percentage of the provider's charge or allowed benefit a member must pay for a covered service.
