Welcome

Welcome to BlueFund! CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. (collectively, “CareFirst”) have partnered with FurtherSM to offer a health savings account (HSA). Further is one of the largest and most trusted HSA administration partners in the nation. CareFirst BlueFund health plans aim to make paying for health care easier for you and your employees.

Advantages of the BlueFund HSA

A BlueFund HSA plan is easy to implement and offers valuable benefits, including:

- **Extra savings**—An HSA allows employees to save on medical expenses tax-free, while employers save money with reduced payroll taxes.
- **Enhanced benefits package**—Benefit plans that include HSAs can help you attract and retain employees, as they are tax-advantaged accounts that can help with retirement planning.
- **Outstanding support**—You and your employees have access to excellent customer service support to ensure everyone gets the most out of their BlueFund HSA.

Getting started

You'll need to make some decisions about setting up your HSA. Further will send you an email with a plan design guide. Use the plan design guide to record your elected plan options, contact information, contribution method and banking information. This employer guide will help explain your options so you can complete the plan design guide and return it to Further at carefirstsales@hellofurther.com.

Once your plan is set up, you'll receive a welcome email with information about how to access and manage your account online, including:

- How to make contributions
- How to review plan information
- An overview of available reports

Information for your employees

Once Further processes your plan design guide, it will take up to two weeks for your employees to receive their welcome kits and debit cards (if applicable). The employee welcome kit includes information about how to manage their BlueFund HSA at carefirst.com/myaccount. No action is required by your employees to open the account.

Please note: Any delay sending the completed plan design guide or other documents to Further will delay your employees' receipt of their information.

We're here for you

If you have questions, email us at carefirstadvocate@hellofurther.com or call BlueFund Customer Service at 866-758-6119, Monday–Friday, 9 a.m. to 6 p.m. ET.

Plan Selection and Enrollment

Select your HSA plan

The first step in completing the plan design guide is selecting the BlueFund HSA option that's right for your company. You may choose one of two options: Value (non-FDIC) and Select (FDIC). Each account features:

- No fees for opening or closing accounts
- Online and paper account documents and tax statements
- No over-contribution fees
- Debit card with free replacements
- ACH or check contributions/withdrawals

Both plans have investment options, but only Select is FDIC insured. Further is certified as a non-bank trustee by the IRS.

On average, employees' HSA investment accounts have a balance of

\$15,092

—a clear indication of why HSAs are a great employee retention tool.¹

Plan Feature	Value (Non-FDIC)	Select (FDIC)
Interest rates	Higher rates	Lower rates
Investment options	Available	Available
FDIC insured	No, but Further is certified as a non-bank trustee by the IRS, which is similar to 401k and IRA administrators whose funds are not usually FDIC insured.	Yes
Deposit insured	No	Deposit insured up to \$250,000

Choose your contribution method

Submitting payroll and contribution method information is easy. There are three options to choose from:

1. **Schedule your contributions from the CareFirst employer portal.** Log in to employer.carefirst.com and select from two options:
 - Schedule an ACH pull.** With this option, Further will initiate a secure electronic transfer from your company's bank account to the designated employee's HSA account.
 - Create and securely upload a contribution file directly into Further's system.** This data is then used to generate a secure ACH pull transaction.
2. **Secure file transfer with ACH pull.** This option allows a group to create and upload a contribution file to a secure site. An ACH pull will not be initiated unless a contribution file is received. Further will ask for information needed to set up this contribution method.
3. **Direct deposit/ACH push.** An ACH push is a customer-initiated transaction for an electronic transfer of funds. Further will ask for information needed to set up the direct deposit/ACH push option. Employees can also elect to use this method for additional individual contributions. You must initiate account funding through the standard electronic file format before each ACH transaction can occur (this is required if the electronic file option is selected).

Keep in mind

If you select contribution method 1 or 2 when completing the plan design guide, you must provide authorization to charge your bank account and banking information such as your bank name, account number, routing number and account type. This can be done directly on the plan design guide, and any future changes can be completed online through the CareFirst employer portal.
